New Bus Shelters Coming to Memphis

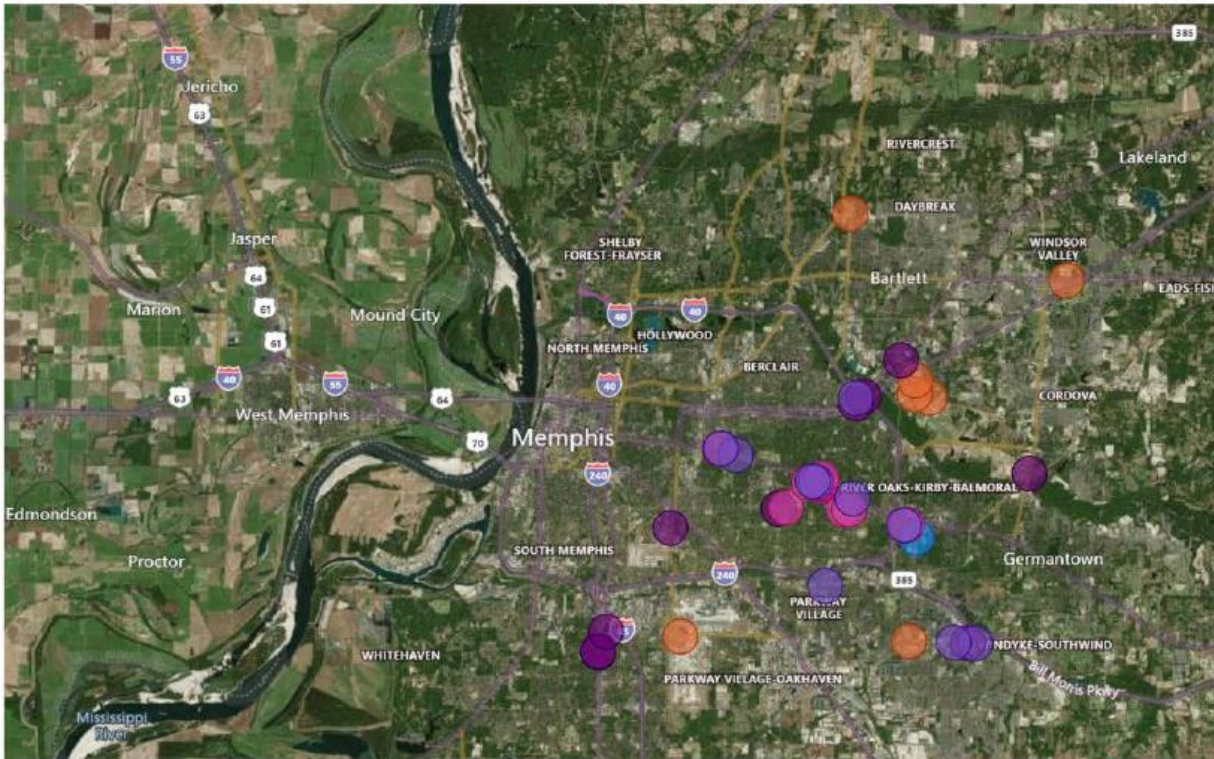

The Memphis Area Transit Authority (MATA) announced its plan to install 40 new bus shelters around the city in the next few months. The shelters are manufactured by Tolar Manufacturing Company and will feature bench seating.

MATA will remove 125 shelters and install the 40 new shelters. The organization must sometimes remove, relocate, or replace shelters to prioritize efficient service level and resources to the highest number of customers. Replacement shelter locations were determined based on criteria outlined in MATA’s Bus Stop Design and Accessibility Guidelines. Please see below for a map of the shelter locations being removed and a list detailing the specific locations.

The new bus shelters are part of several upcoming capital improvement projects, all designed to connect passengers with a better travel experience. The project is expected to continue through December 31, 2021.
